## Outdoor notes

*July 9, 2006*

BY DALE BOWMAN Staff Reporter

### FIELD NOTES

**OUTSIDE STUFF:** My Light Latch Light gives a small but powerful LED beam from a golf ball-sized flashlight swiveling on a large belt clip. It's a perfect cure for the lost-flashlight-at-night problem while camping. My kids loved them. **Cost:** \$9.95 at [www.mylight.com](http://www.mylight.com). **Bowman's bite:** My, my, lights for the night eye.
