ALL-PURPOSE GADGET

'Turn on the Latch Light

Hikers, fishermen and campers can brighten their lives with a handy new gadget, the MyLight LED Latch Light.

Small enough to fit in the palm of your hand, the waterproof light can fit in your pocket or tackle box or attach to backpacks, tents, key chains or belt loops. (It can also be set up as a tiny spotlight for those late-night card games.)

The light is about the size of a Ping-Pong ball, and casts light in white or red (for those nighttime adventures).

The Latch Light sells for \$9.95 and is available at mylight.com and Toys "R" Us stores.
